- Mobile-friendly menu toggle with JavaScript
- Contact form validation+user feedback

# RESULTS AND SCREENSHOTS

- Responsivelayoutverifiedonmobile and Desktop

The screenshot shows a digital portfolio website with a light blue header and a white footer. The header contains the text "MyDigitalPortfolio" on the left and "Home Certificates Contact" on the right. Below the header is a circular profile picture of a woman. The main content area features a heading "Hello I'm Suvalakshmi Pandiyan" followed by a bio: "Hi, I'm Suvalakshmi — a Tech Frier with a vision. I specialize in identifying problems and turning them into powerful working solutions. I'm honing my skills in Java and HTML to build applications that are both functional and user-friendly. My goal is to become a problem solver and a programmer who creates tools that simplify lives, automate tasks, and introduce fresh ideas into the digital space. With the right support, I'm ready to transform concepts into impactful products that people can use every day." Below the bio are two buttons: "See Certificates" and "View Resume". The footer has sections for "Certificates" (with two red buttons for "Certificate 1" and "Certificate 2"), "Contact me" (with a form for "Your Name", "Your Email", and "Your Message", and a "Send" button), and decorative green squares.

# CONCLUSION

- A clean, responsive personal portfolio built with core web technologies.
- Interactive UI with modal previews and mobile menu Easily extensible
- with projects, skills and blogs sections
